

Dealing with the 85 year rule in the 2014 Scheme (v1.11)

Groups

Group 1 member: a member who was an active member at any time between 1 April 1998 and 30 September 2006 and who was born on 31 March 1956 or earlier

Group 2 member: a member who was an active member at any time between 1 April 1998 and 30 September 2006, was born between 1 April 1956 and 31 March 1960 inclusive, and who would reach their CRA by 31 March 2020

Group 3 member: a member who was an active member at any time between 1 April 1998 and 30 September 2006 and who is not a Group 1 or Group 2 member

Group 4 member: a member who was not a member prior to 1 October 2006.

CRA = the earlier of

- a) the member's pre 1 October 2006 'protected' Normal Retirement Date which some members who joined the Scheme before 1 April 1998 had under regulation 25(3A) of the LGPS Regulations 1997 before its deletion by SI 2006/966
- b) the earliest date at which the member would have satisfied the 85 year rule had the member remained in service, calculated in accordance with paragraph 4 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014
- c) age 65

BUT CRA cannot be earlier than 60 for voluntary early retirements under Regulation 30(5) of the LGPS Regulations 2013 unless the employer has agreed, under paragraph 1(1)(c) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014, that it should be.

2008 Scheme

In the table on page 9 of the GAD guidance at http://lgpsregs.org/timelineregs/GAD/EW_EarlyRet_factors290312.pdf we show that the actuarial reduction under the 2008 Scheme was as follows:

	Group 1	Group 2	Group 3	Group 4
Part A	CRA	CRA	CRA	65
Part B	CRA	Taper	65	65
Part C	65	Taper	65	65
Part D	65	65	65	65

Part A = membership to 31 March 2008

Part B= membership 1 April 2008 to 31 March 2016

Part C = membership 1 April 2016 to 31 March 2020

Part D = membership 1 April 2020 onwards

2014 Scheme

A member's CRA under the 2008 Scheme is cast in stone. Thus, if a member could not meet the 85 year rule by age 65, that member's CRA is age 65. A member retiring at 66 who would meet the 85 year rule at 65½ would still have a protected CRA of 65. Thus, if that member retires at age 60 they will, on their protected membership, have an actuarial reduction for retiring 5 years earlier than their CRA (60 – 65) and not an actuarial reduction for retiring 5½ years early. The CRA cannot be later than age 65. For membership from 1 April 2016 to 31 March 2020 the taper for a Group 2 member should be applied to the normal actuarial reduction for retirement prior to age 65 (not SPA). This could mean that there will be cases where a Group 2 member retiring between 1 April 2016 and 31 March 2020 will have a lesser actuarial reduction applied than a Group 1 member (whose membership after 31 March 2016 will have an actuarial reduction applied based on the shortfall to SPA). The table for the 2014 Scheme now reads as follows:

	Group 1	Group 2	Group 3	Group 4
Part A	CRA (can't be later than 65)	CRA (can't be later than 65)	CRA (can't be later than 65)	65
Part B1	CRA (can't be later than 65)	Taper (proportion of normal % reduction to 65)	65	65
Part B2	CRA (can't be later than 65)	Taper (proportion of normal % reduction to 65)	SPA (min 65)	SPA (min 65)
Part C	SPA (min 65)	Taper (proportion of normal % reduction to 65)	SPA (min 65)	SPA (min 65)
Part D1	SPA (min 65)	SPA (min 65)	SPA (min 65)	SPA (min 65)
Part D2	65	65	65	65

Part A = membership to 31 March 2008

Part B1= membership 1 April 2008 to 31 March 2014

Part B2 = membership 1 April 2014 to 31 March 2016

Part C = membership 1 April 2016 to 31 March 2020

Part D1 = membership 1 April 2020 onwards (including Part D1 benefits as defined in the notes at the end of this paper)

Part D2 = membership defined as D2 membership (including Part D2 benefits as defined in the notes at the end of this paper).

Members with an Underpin addition

Where a member's pension being brought into payment includes an underpin "guarantee amount", both

- a) the underpin "guarantee amount", and
- b) the amount of the pension in the member's post-14 pension account accrued prior to the member's 2008 NPA, but excluding any element of that post-14 pension account which was derived from a transfer in or which relates to an APC / SCAPC (other than where the APC / SCAPC was to cover a period of absence from work with no pensionable pay in consequence of a trade dispute or to cover a period of authorised unpaid leave of absence, including a period of unpaid additional maternity, paternity or adoption leave or unpaid shared parental leave)

are treated as if they were pension accrued under the 2008 Scheme for the purposes of determining any actuarial reduction (or increase) due on them. Any underpin "guarantee amount" which is calculated will need to be apportioned to Part B2, Part C and Part D2 as appropriate in order that the correct actuarial reduction can be applied (if drawn before the member's NPA under the 2008 Scheme). For example, if the member has membership from 1 April 2014 to 31 March 2021 (7 years), has final pay (2008 Scheme definition) of £40,000 and has an underpin "guarantee amount" of £91.67 the underpin amount would be allocated as follows:

	B2		C				D2
	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21
CARE accrued	£850.00	£650.00	£600.00	£650.00	£625.00	£650.00	£550.00
Total CARE	£1,500.00		£2,525.00				£550.00
2008 Scheme comparison	2/60 x £40,000 = £1,333.33		4/60 x £40,000 = £2,666.67				1/60 x £40,000 = £666.67
Difference	-£166.67		+£141.67				+£116.67
Total	£1,333.33		£2,666.67				£666.67

This method of allocation ensures that where a member is subject to the 85 year rule the actuarial reduction applicable to Part B2, Part C and Part D2 membership is applied to the amount of pension the member would actually have earned as Part B2, Part C or Part D2 membership had they remained in the 2008 Scheme.

Furthermore –

- c) any element of the member's post-14 pension account which was derived from a transfer in or which relates to an APC / SCAPC (other than where the APC / SCAPC was to cover a period of absence from work with no pensionable pay in consequence of a trade dispute or to cover a period of authorised unpaid leave of absence, including a period of unpaid additional maternity, paternity or adoption leave or unpaid shared parental leave)

is treated as pension accrued under the 2014 Scheme for the purposes of determining any actuarial reduction (or increase) due on them (related to the member's NPA in the 2014 Scheme).

The rationale for (c) is twofold. Firstly, regulations 4(5)(b)(i), 4(5)(c) and 4(5)(d) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 exclude the elements in (c) from the underpin calculation (and so they must, therefore, be paid in addition). Secondly, the amount of pension credited to the member's account from a transfer in and the amount of the additional pension purchased via the APC / SCAPC were based on the member's NPA under the 2014 Scheme.

What counts as membership for working out the CRA under the 85 year rule?

The following counts as membership when calculating the CRA for the purposes of the 85 year rule:

- total membership under the Earlier Schemes (i.e. under the 1974, 1986, 1995, 1998 and 2008 Schemes) which counts as membership in relation to the employment, including membership granted by the employer under regulations 52 or 53 of the LGPS Regulations 1997 [paragraph 4(2)(a)(i) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014] including any aggregated membership [paragraphs 8(1) and (2) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 – but see note 8]
- the total period for which the member has paid, or is treated as having paid, contributions under regulations 9 or 10 of the LGPS Regulations 2013 in relation to the employment, including any period of absence due to sickness or injury, child related leave (ordinary maternity, paternity and adoption leave, paid shared parental leave and paid additional maternity or adoption leave) or reserve forces service leave [paragraph 4(2)(a)(ii) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- any period after 31 March 2014 of unpaid leave of absence due to industrial action, or absence from work with permission with no pensionable pay (other than because of illness or injury, child related leave or reserve forces service leave) provided contributions have been paid under regulation 16 of the LGPS Regulations 2013 (APCs and SCAPCs) to cover the whole of that period of absence [paragraph 4(2)(a)(iii) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- any membership purchased under an added years contract in accordance with regulations 55 and 83 of the LGPS Regulations 1997 or equivalent Earlier Regulations, as continued in effect by regulations 15(1)(a) and (c) of the LGPS (Transitional Provisions, Savings and Amendment)

Regulations 2014 [paragraph 7 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

- any membership credited on or before 1 October 2012 under Regulation 84 of the LGPS (Administration) Regulations 2008 or equivalent Earlier Regulations (transferred-in membership) [para 4(2)(b)(ii) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- any membership from a transfer credit awarded under protected regulation 66(8) of the LGPS Regulations 1997 or equivalent Earlier Regulations, as continued in effect by regulation 15(1)(b) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014
- membership after taking flexible retirement under regulation 32(4) of the LGPS Regulations 2013, regulations 18 or 18A of the LGPS (Benefits, Membership and Contributions) Regulations 2007, or regulation 35(1A) of the LGPS Regulations 1997 (but only for the purposes of calculating the 85 year rule applicable to that part of benefits not drawn upon partial flexible retirement) [paragraphs 4(2)(b)(iv) and 5 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- the qualifying period counted by virtue of regulation 123 of the LGPS Regulations 1997 (qualifying service from a transfer in where the period in the former scheme exceeds the membership credited in the LGPS) where that qualifying service was awarded before 1 April 2008 to a person who was a member of the 1995 Scheme before 1 April 1998 [paragraph 4(1)(d) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- the notional period of membership between the date of cessation of active membership and the member's normal pension age (under the 2008 Scheme – normally age 65) [paragraph 4(1)(c) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- the period of qualifying service from an earlier deferred benefit or frozen refund which has subsequently been aggregated and has bought an amount of pension in a CARE account (see note 9).

The following does not count as membership when calculating the CRA for the purposes of the 85 year rule:

- any membership credited under regulation 12 of the LGPS (Benefits, Membership and Contributions) Regulations 2007 (power of employing authority to increase total membership of active members) [paragraph 4(2)(b)(i) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- any membership credited under regulation 12B of the LGPS (Benefits, Membership and Contributions) Regulations 2007 (power of employing authority to convert periods awarded under Discretionary Compensation Regulations into periods of membership) [paragraph 4(2)(b)(i) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

- any membership credited under regulation 40A of the LGPS (Administration) Regulations 2008 (power of The Environment Agency to award employing authority to grant additional membership) [paragraph 4(2)(b)(iii) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- any membership credited after 1 October 2012 under Regulation 84 of the LGPS (Administration) Regulations 2008 or under regulation 9 of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 (transferred-in membership) [paragraph 4(2)(b)(ii) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
- membership after taking flexible retirement under regulation 32(4) of the LGPS Regulations 2013, regulations 18 or 18A of the LGPS (Benefits, Membership and Contributions) Regulations 2007, or regulation 35(1A) of the LGPS Regulations 1997 (except for the purposes of calculating the 85 year rule applicable to that part of benefits not drawn upon partial flexible retirement) [paragraphs 4(2)(b)(iv) and 5 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], or
- in relation to a later period of membership, any period of membership that could have been aggregated with that later period of membership but which the member chose not to aggregate [paragraph 6 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

The 85 year rule continues to apply to any period of membership to which it formally applied but which is not aggregated with a later period of membership (e.g. if a member with a deferred benefit to which the 85 year rule applies joins the LGPS in a new employment and does not aggregate the deferred membership with the new period of membership, the 85 year rule continues to apply to the deferred benefit but the membership from the unaggregated deferred benefit does not count towards the 85 year rule in the new employment).

Applying the 85 year rule to benefits drawn under regulations 30(1) or 30A of the LGPS (Benefits, Membership and Contributions) Regulations 2007 (retirement benefits: early retirement)

The 85 year rule automatically applies in full where benefits are voluntarily drawn by the member under regulation 30(1) or 30A of the LGPS (Benefits, Membership and Contributions) Regulations 2007 when aged 60 or over, or if drawn on or after age 55 and before age 60 with employer consent [paragraph 1(1)(a) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

Applying the 85 year rule to benefits drawn under regulation 30(5) of the LGPS Regulations 2013 (retirement benefits: early retirement)

The 85 year rule automatically applies in full where benefits are voluntarily drawn by the member under regulation 30(5) of the LGPS Regulations 2013

when aged 60 or over [paragraph 1(1)(b) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

The 85 year rule applies in full where benefits are voluntarily drawn by the member under regulation 30(5) of the LGPS Regulations 2013 on or after age 55 and before age 60 but only if the employer agrees that it should be applied [paragraphs 1(1)(c) and 1(3) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

Where benefits are voluntarily drawn by the member under regulation 30(5) of the LGPS Regulations 2013 on or after age 55 and before age 60 and the employer has not agreed that the 85 year rule should be applied in full then:

- if the member is a Group 1 or Group 3 member and satisfies the 85 year rule at the date of drawing the benefits, that part of the member's benefits that are calculated by reference to any period of membership before the 'relevant date' is to be reduced by reference to the period between the date the benefits are brought into payment and the day before age 60 [paragraph 1(4)(a) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], and
- if the member is a Group 2 member and satisfies the 85 year rule at the date of drawing the benefits, that part of the member's benefits that are calculated by reference to any period of membership before the 'relevant date' is to be reduced by reference to the period between the date the benefits are brought into payment and the day before age 60, and that part of the member's benefits that are calculated by reference to any period of membership after the 'relevant date' and before 1 April 2020 is to be reduced by a tapered reduction [paragraphs 1(4)(a) and 9 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], and
- if the member is a Group 1 or Group 3 member and does not satisfy the 85 year rule at the date of drawing the benefits, that part of the member's benefits that are calculated by reference to any period of membership before the 'relevant date' is to be reduced by reference to the period between the date the benefits are brought into payment and the day before age 60 or, if later, the date the member would satisfy the 85 year rule (or age 65 if the member would not satisfy the 85 year rule by that age) [paragraph 1(4)(b) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], and
- if the member is a Group 2 member and does not satisfy the 85 year rule at the date of drawing the benefits, that part of the member's benefits that are calculated by reference to any period of membership before the 'relevant date' is to be reduced by reference to the period between the date the benefits are brought into payment and the day before age 60 or, if later, the date the member would satisfy the 85 year rule (or age 65 if the member would not satisfy the 85 year rule by that age), and that part of the member's benefits that are calculated by reference to any period of membership after the 'relevant date' and

before 1 April 2020 is to be reduced by a tapered reduction [paragraphs 1(4)(b) and 9 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

Note that the 'relevant date' for:

- a Group 1 member is the earlier of 1 April 2016 or the day following the last day of active membership
- a Group 2 or 3 member is 1 April 2008

[paragraph 3 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

Applying the 85 year rule to benefits drawn under regulation 30(6) of the LGPS Regulations 2013 (flexible retirement)

The 85 year rule automatically applies in full where benefits are voluntarily drawn by the member under regulation 30(6) of the LGPS Regulations 2013 (when aged 55 or over) [paragraph 1(1)(d) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

Note that if a member only takes part of their benefits on flexible retirement the 85 year rule continues to apply to the part not drawn. However, it does not apply to benefits accrued after flexible retirement.

Waiving reductions on benefits drawn under regulation 30(1) or 30A of the LGPS (Benefits, Membership and Contributions) Regulations 2007

Where benefits are drawn by a member under regulation 30(1) or 30A of the LGPS (Benefits, Membership and Contributions) Regulations 2007 (voluntarily on or after age 60, or with employer consent on or after age 55 and before age 60) the employer can waive, on compassionate grounds, (and at cost to the employer) any actuarial reduction that would otherwise have been applied [regulation 3(1) of, and paragraph 2(1) of Schedule 2 to, the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 and regulations 30(5) and 30A(5) of the LGPS (Benefits, Membership and Contributions) Regulations 2007].

Waiving reductions on benefits drawn by a Group 4 member on or after age 55 under regulation 30(5) of the LGPS Regulations 2013

Where an active member voluntarily retires on or after age 55 and elects under regulation 30(5) of the LGPS Regulations 2013 to immediately draw benefits, or a deferred member or suspended tier 3 ill health pensioner elects under regulation 30(5) of the LGPS Regulations 2013 to draw benefits (other than on ill health grounds) on or after age 55, and was not a member of the LGPS before 1 October 2006 [a Group 4 member], the employer can:

- waive on compassionate grounds, any actuarial reduction that would otherwise be applied to benefits accrued before 1 April 2014 [regulations 3(1) and (5) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 and regulations 30(5) or 30A(5) of

the LGPS (Benefits, Membership and Contributions) Regulations 2007], and / or

- waive, in whole or in part (on any grounds), any actuarial reduction that would otherwise be applied to benefits accrued after 31 March 2014 [regulation 30(8) of the LGPS Regulations 2013]

Note: for a Group 4 member, Part D2 membership (being various types of membership awarded under the regulations governing the 2008 or 1998 Schemes – see paragraphs 1(c), 1(d), 2 and 4 of the ‘Notes’ on pages 12 and 13 below) would fall within the first indent above and so any actuarial reduction on such membership can only be waived on compassionate grounds.

Waiving reductions on benefits drawn by a Group 1 member on or after age 55 under regulation 30(5) of the LGPS Regulations 2013

Where an active member voluntarily retires on or after age 55 and elects under regulation 30(5) of the LGPS Regulations 2013 to immediately draw benefits, or a deferred member or suspended tier 3 ill health pensioner elects under regulation 30(5) of the LGPS Regulations 2013 to draw benefits (other than on ill health grounds) on or after age 55, and was a member of the LGPS before 1 October 2006 and will be 60 or more on 31 March 2016 (i.e. Group 1 members falling within paragraph 3(1) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014), the employer can:

- waive on compassionate grounds, any actuarial reduction that would otherwise be applied to benefits accrued before 1 April **2016** [paragraph 2(1) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], and / or
- waive, in whole or in part (on any grounds), any actuarial reduction that would otherwise be applied to benefits accrued after 31 March **2016** [regulation 30(8) of the LGPS Regulations 2013]

Note: for a Group 1 member one might logically expect that Part D2 membership (being various types of membership awarded under the regulations governing the 2008 or 1998 Schemes – see paragraphs 1(c), 1(d), 2 and 4 of the ‘Notes’ on pages 12 and 13 below) would fall within the first indent above and so any actuarial reduction on such membership could only be waived on compassionate grounds. However, it appears that Part D2 membership for a Group 1 member would actually fall within the second indent above and so any actuarial reduction on such membership could be waived on any grounds (including on compassionate grounds). The reasoning behind this conclusion is as follows. Paragraph 2(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 permits a scheme employer to waive, on compassionate grounds, any actuarial reduction that would have been applied under paragraphs 1(3)(b), 1(4) or 9(2) of those Regulations to membership prior to the “relevant date”. By virtue of

Commented [TE1]: An alternative interpretation is that although Part D2 membership counts as, in effect, post 2020 membership for the purposes of the 85 year rule there is nothing that says it is actually post 2020 membership and, indeed, because it was awarded pre 2016, it must be pre 2016 membership and so fall within the first indent. This would probably makes things much simpler.

paragraphs 1(1) and (2), paragraphs 1(3)(b) and 1(4) only apply to members who were in the scheme prior to 1 October 2006 and paragraph 9(2) only applies to members who were in the scheme prior to 1 October 2006 i.e. to Group 1, Group 2 and Group 3 members. The “relevant date” for Group 1 members is 31 March 2016. As Part D2 membership is treated as if it were, in effect, post 31 March 2020 membership it is not covered by paragraph 2(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 (which provides for the waiver only on compassionate grounds) and so the actuarial reduction on Part D2 membership can be waived on any grounds (including on compassionate grounds).

Waiving reductions on benefits drawn by a Group 3 member on or after age 55 under regulation 30(5) of the LGPS Regulations 2013

Where an active member voluntarily retires on or after age 55 and elects under regulation 30(5) of the LGPS Regulations 2013 to immediately draw benefits, or a deferred member or suspended tier 3 ill health pensioner elects under regulation 30(5) of the LGPS Regulations 2013 to draw benefits (other than on ill health grounds) on or after age 55, and was a member of the LGPS before 1 October 2006 and will not be 60 or more on 31 March 2016 and will not attain age 60 between 1 April 2016 and 31 March 2020 (i.e. Group 3 members falling within paragraph 3(2) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014), the employer can:

- waive on compassionate grounds, any actuarial reduction that would otherwise be applied to benefits accrued before 1 April 2014 [regulations 3(1) and (5) of, and paragraph 2(1) of Schedule 2 to, the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 and regulation 30(5) or 30A(5) of the LGPS (Benefits, Membership and Contributions) Regulations 2007], and / or
- waive, in whole or in part (on any grounds), any actuarial reduction that would otherwise be applied to benefits accrued after 31 March 2014 [regulation 30(8) of the LGPS Regulations 2013]

Note: for a Group 3 member one might logically expect that Part D2 membership (being various types of membership awarded under the regulations governing the 2008 or 1998 Schemes – see paragraphs 1(c), 1(d), 2 and 4 of the ‘Notes’ on pages 12 and 13 below) would fall within the first indent above and so any actuarial reduction on such membership could only be waived on compassionate grounds. However, it appears that Part D2 membership for a Group 3 member would actually fall within the second indent above and so any actuarial reduction on such membership could be waived on any grounds (including on compassionate grounds). The reasoning behind this conclusion is as follows. Paragraph 2(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 permits a scheme employer to waive, on compassionate grounds, any actuarial reduction that would have been applied under paragraphs 1(3)(b), 1(4) or 9(2) of those Regulations to membership prior to the “relevant date”. By virtue of

Commented [TE2]: An alternative interpretation is that although Part D2 membership counts as, in effect, post 2020 membership for the purposes of the 85 year rule there is nothing that says it is actually post 2020 membership and, indeed, because it was awarded pre 2014, it must be pre 2014 membership and so fall within the first indent. This would probably makes things much simpler.

paragraphs 1(1) and (2), paragraphs 1(3)(b) and 1(4) only apply to members who were in the scheme prior to 1 October 2006 and paragraph 9(2) only applies to members who were in the scheme prior to 1 October 2006 i.e. to Group 1, Group 2 and Group 3 members. The “relevant date” for Group 3 members is 31 March 2008. As Part D2 membership is treated as if it were, in effect, post 31 March 2020 membership it is not covered by paragraph 2(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 (which provides for the waiver only on compassionate grounds) and so the actuarial reduction on Part D2 membership can be waived on any grounds (including on compassionate grounds).

Waiving reductions on benefits drawn by a Group 2 member on or after age 55 under regulation 30(5) of the LGPS Regulations 2013

Where an active member voluntarily retires on or after age 55 and elects under regulation 30(5) of the LGPS Regulations 2013 to immediately draw benefits, or a deferred member or suspended tier 3 ill health pensioner elects under regulation 30(5) of the LGPS Regulations 2013 to draw benefits (other than on ill health grounds) on or after age 55, and was a member of the LGPS before 1 October 2006 and will not be 60 or more on 31 March 2016 but will attain age 60 between 1 April 2016 and 31 March 2020 (i.e. Group 2 members falling within paragraphs 3(2) and 9 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014), they employer can:

- waive on compassionate grounds, any actuarial reduction that would otherwise be applied to benefits accrued before 1 April **2020** [paragraph 2(1) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], and / or
- waive, in whole or in part (on any grounds), any actuarial reduction that would otherwise be applied to benefits accrued after 31 March **2020** [regulation 30(8) of the LGPS Regulations 2013]

Note: for a Group 2 member one might logically expect that Part D2 membership (being various types of membership awarded under the regulations governing the 2008 or 1998 Schemes – see paragraphs 1(c), 1(d), 2 and 4 of the ‘Notes’ on pages 12 and 13 below) would fall within the first indent above and so any actuarial reduction on such membership could only be waived on compassionate grounds. However, it appears that Part D2 membership for a Group 2 member would actually fall within the second indent above and so any actuarial reduction on such membership could be waived on any grounds (including on compassionate grounds). The reasoning behind this conclusion is as follows. Paragraph 2(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 permits a scheme employer to waive, on compassionate grounds, any actuarial reduction that would have been applied under paragraphs 1(3)(b), 1(4) or 9(2) of those Regulations to membership prior to the “relevant date”. By virtue of paragraphs 1(1) and (2), paragraphs 1(3)(b) and 1(4) only apply to members who were in the scheme prior to 1 October 2006 and paragraph 9(2) only

Commented [TE3]: An alternative interpretation is that although Part D2 membership counts as, in effect, post 2020 membership for the purposes of the 85 year rule there is nothing that says it is actually post 2020 membership and, indeed, because it was awarded pre 2020, it must be pre 2020 membership and so fall within the first indent. This would probably makes things much simpler.

applies to members who were in the scheme prior to 1 October 2006 i.e. to Group 1, Group 2 and Group 3 members. The “relevant date” for Group 2 members is 31 March 2020. As Part D2 membership is treated as if it were, in effect, post 31 March 2020 membership it is not covered by paragraph 2(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 (which provides for the waiver only on compassionate grounds) and so the actuarial reduction on Part D2 membership can be waived on any grounds (including on compassionate grounds).

Waiving reductions on benefits drawn on flexible retirement under regulation 30(6) of the LGPS Regulations 2013

Where benefits are drawn by a member (aged 55 or over) under regulation 30(6) of the LGPS Regulations 2013 (flexible retirement) the employer can:

- waive, in whole or in part, any actuarial reduction which would otherwise be applied to the benefits taken on flexible retirement before Normal Pension Age (NPA) [regulation 3(5) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014, regulation 18(3) of the LGPS (Benefits, Membership and Contributions) Regulations 2007 and regulations 30(6) and 30(8) of the LGPS Regulations 2013]

Notes:

1. Membership credited under Regulation 84 of the Local Government Pension Scheme (Administration) Regulations 2008 (the “Administration Regulations”) or equivalent previous Regulations, or under regulation 9 of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 (transferred-in membership) in respect of Group 1, 2 or 3 members should:
 - a) if the transfer occurred before 1 April 2008, be treated as Part A Membership
 - b) if the member was an active member immediately before 1 April 2008 and the Membership was credited under Regulation 84 of the Administration Regulations on or after 1 April 2008 and before 2 October 2012, the Membership should reflect the basis used to calculate the credit (CRA or age 65 or, for a leaver between 1 April 1998 and 30 September 2006 who joined prior to 1 April 1998, CRA or protected NRD¹)
 - c) if the member was **not** an active member immediately before 1 April 2008 and the Membership was credited under Regulation 84 of the Administration Regulations on or after 1 April 2008 and

¹ The protected NRD is

- age 60 if, by that age, the member would have had 25 or more years membership of the scheme, or
- the date the member would have achieved 25 years membership, if that date would fall after age 60 and before age 65, or
- age 65 if, by that age, the member would not have had 25 years membership of the scheme.

- before 2 October 2012, the Membership should be treated as Part D2 Membership but note that such credited membership drags forward the 85 year rule for any pre-existing membership
- d) if the Membership was credited under Regulation 84 of the Administration Regulations after 1 October 2012 and before 1 April 2014 or under regulation 9 of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 where the relevant date was before 1 April 2014, the Membership should be treated as Part D2 Membership but note that such credited membership does **not** drag forward the 85 year rule for any pre-existing membership.
2. Membership purchased under regulations 55 and 83 of the LGPS Regulations 1997 or equivalent previous Regulations (added years) should be treated as Part A Membership if the election was before 1 October 2006 and the contributions were due to cease before the member's 65th birthday. Other Membership under Regulation 55 of the LGPS Regulations 1997 (where the contributions were due to cease on the member's 65th birthday or where the contract was taken out between 1 October 2006 and 31 March 2008) should be treated as Part D2 Membership. [paragraph 7 of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]
 3. Pension purchased by a transfer in under the LGPS Regulations 2013 (other than from the LGPS) and credited in to the member's post 31 March 2014 pension account will purchase Part D1 benefits and will not drag forward the 85 year rule for any pre-existing membership (because it is purchasing an amount of pension, not membership).
 4. Membership credited under Regulation 40 of the LGPS (Administration) Regulations 2008 or the equivalent in previous Regulations e.g. regulation 52 of the LGPS Regulations 1997 (Employer Augmented Membership) in respect of Group 1, 2 or 3 members should be treated as Part A Membership if it was credited before 1 April 2008. Other Membership under Regulation 40 of the LGPS (Administration) Regulations 2008 or the equivalent in previous Regulations should be treated as Part D2 Membership.
 5. Membership granted by the employer under regulation 53 of the LGPS Regulations 1997 will count as Part A Membership.
 6. Pension awarded under Regulation 23 of the LGPS (Administration) Regulations 2008 (pension purchased by an ARC), as continued in effect by regulation 15(1)(d) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014, should be treated as if it is payable unreduced from age 65.
 7. Pension awarded under regulations 16 or 31 of the LGPS Regulations 2013 (pension purchased by an APC or SCAPC) is treated as payable from Normal Pension Age under the 2014 Scheme i.e. Part D1.

8. A transfer credit awarded under protected regulation 66(8) of the LGPS Regulations 1997 or equivalent previous Regulations should be reduced if it is taken earlier than the retirement age assumed for the calculation of the credit. For example, transfer credits awarded after 1 September 2011 (including transfer credits awarded after 1 April 2014) are calculated based on a retirement age of 65. Therefore, if taken before age 65, a reduction factor should be applied to the pension based on the period from the date of early retirement to age 65. Similarly, if a credit was previously calculated based on a member's CRA, then if taken early the pension should be reduced based on the period from the date of early retirement to the CRA.
9. Where:
- (i) regulation 5(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 applies, or is deemed to apply by virtue of regulation 5(5) of those Regulations, and
 - (ii) the member subsequently left with a deferred pension or deferred refund, and
 - (iii) the member subsequently rejoins the LGPS after a break of more than 5 years in membership of a public service pension scheme, and
 - (iv) the membership is aggregated [regulations 10(3) and (4) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014].

OR

- (i) the member left with a deferred benefit pre 1 April 2014, and
- (ii) regulation 5(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 does not apply, and is not deemed to apply under regulation 5(5) of those Regulations, and
- (iii) the member rejoins the LGPS after 31 March 2014 , and
- (iv) the membership is aggregated [regulation 10(6) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

OR

- (i) the member left with a deferred refund pre 1 April 2014, and
- (ii) regulation 5(1) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 does not apply, and
- (iii) the member rejoins the LGPS after 31 March 2014, and
- (iv) the membership is aggregated [regulation 10(5) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

the amount of CARE pension purchased by the transfer will reflect the fact that the CETV for the earlier membership will have been calculated by reference the member's 85 year rule and will be treated as Part D1

membership. Thus, where a member rejoins and aggregates membership under regulations 10(3) to (6) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014, the cash equivalent transfer value in respect of the benefits being aggregated would reflect the effect of the 85 year rule applicable to those benefits. The CETV would recognise the member's 85 year rule and so would produce a higher CETV than if the member had not been subject to the 85 year rule and the amount of CARE pension bought by this CETV will therefore be higher than the amount bought by a member not subject to the 85 year rule.

The 85 year rule will continue to apply to that part of the member's post 2014 CARE pension accruing after rejoining if the member is a Group 1 member and rejoins before 1 April 2016, or is a Group 2 member and rejoins before 1 April 2020 and, where that is the case, the qualifying period of membership that counted towards the 85 year rule in the calculation of the CETV for the earlier membership will count as 'qualifying' service towards when the 85 year rule is met for that part of the CARE pension accrued after rejoining the Scheme (but not for the CARE pension derived from the CETV, as the amount of pension credited from that CETV will already have compensated for the 'loss' of the 85 year rule on that part of the benefits).

[Regulations 10(3) to (6) of, and paragraph 8(2) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 which deals with Group 1 members, and paragraph 9 of that Schedule which deals with Group 2 members].

Reduction on pre 01/04/2008 pension = period between drawing benefits and age 60 = 3 years = **16%**

Reduction on 01/04/2008 to 31/08/2016 pension = tapered reduction

01/04/2014 to 31/05/2014 = 61 days

Option 1

Leaves and draws benefits under Regulation 30(5) of the LGPS Regulations 2013
No employer discretion used under paragraph 1(1)(c) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 to agree that paragraph 1(3)(b) of that Schedule should apply. Paragraphs 1(2) and 1(4)(b) of that Schedule therefore apply.

- Paragraph 3(1) - Schedule 2 = Relevant Date = 01/06/2014
- Membership up to 31/05/2014 = Reduction for period between drawing benefits and age 60 = 1 year 92 days years

Calculation:

Reduction on pension = period between drawing benefits and age 60 = 1 year 92 days
 $= (92/365 \times 11) + (273/365 \times 6)^* = \mathbf{7.2603\%}$

Reduction on pre 01/04/2008 3/80ths lump sum = period between drawing benefits and age 60 = 1 year 92 days = $(92/365 \times 6) + (273/365 \times 3)** = \mathbf{3.7562\%}$

* Alternative method of calculation: 1 year = 6%, 2 years = 11% (difference = 5%)
 $6 + (92/365 \times 5) = 7.2603\%$

** Alternative method of calculation: 1 year = 3%, 2 years = 6% (difference = 3%)
 $3 + (92/365 \times 3) = 3.7562\%$

Note: in any individual case the employer can, for a Group 1 member, waive the actuarial reductions on pre 01/04/2016 membership on compassionate grounds and / or waive the actuarial reductions on any post 31/03/2016 membership in whole or in part on any grounds.

- Paragraph 3(1) - Schedule 2 = Relevant Date = 01/06/2014
- Membership up to 31/05/2014 = Reduction for period between drawing benefits and CRA = 92 days years

Calculation:

Reduction on pension = period between drawing benefits and CRA = 92 days = $(92/365 \times 6) = \mathbf{1.5123\%}$

01/04/2008 to 31/03/2014 = 6 years

01/04/2014 to 31/08/2018 = 4 years 153 days

Calculation

Draws benefits under Regulation 30(5) of the LGPS Regulations 2013.

- Paragraph 3(1) - Schedule 2 = Relevant Date = 01/04/2016
- Membership up to 31/03/2016 = Reduction for period between drawing benefits and CRA = 1 year 153 days
- Membership from 01/04/2016 to 31/08/2018 = Reduction on this membership for period between drawing benefits and new NPA = 3 years 153 days
- £100 underpin split as follows:

01/04/2014 to 31/08/2018 = 4 years 153 days

01/04/2014 to 31/03/2016 = (2 years / 4 years 153 days) x £100 = £45.26

01/04/2016 to 31/08/2018 = (2 years 153 days / 4 years 153 days) x £100 = £54.74

Reduction on pre 01/04/2016 pension (including £45.26 of the underpin) = period between drawing benefits and CRA = 1 year 153 days = $(153/365 \times 11) + (212/365 \times 6) = 8.096\%$

Reduction on 01/04/2016 to 31/08/2018 pension (including £54.74 of the underpin) = period between drawing benefits and new NPA = 3 years 153 days = $(153/365 \times 20) + (212/365 \times 16) = 17.6767\%$

Reduction on pre 01/04/2008 3/80ths lump sum = period between drawing benefits and CRA = 1 year 153 days = $(153/365 \times 6) + (212/365 \times 3) = 4.2575\%$

Reduction on APCs = period between drawing benefits and new NPA = 3 years 153 days = $(153/365 \times 20) + (212/365 \times 16) = 17.6767\%$

Note: in any individual case the employer can, for a Group 1 member, waive the actuarial reductions on pre 01/04/2016 membership on compassionate grounds and / or waive the actuarial reductions on any post 31/03/2016 membership, and on the additional pension from APCs, in whole or in part on any grounds.

Joined: 01/04/1990

Left: 31/03/2010

Rejoined 01/05/2015 (and has had a continuous break in membership of public service pension schemes of more than 5 years)

Aggregated earlier membership which purchased an amount of pension of £6,000 in the member's CARE pension account

Date draws benefits: 01/09/2017 (age 62)

Was a member of the 1998 Scheme before 1/10/2006 – Qualifying service from earlier LGPS membership counts towards 85 year rule applicable to pension in the member's CARE pension account built up from 01/05/2015 to 31/03/2016

Meets R85 at 30/04/2018 and Group 1 Member

85 year rule does not apply to:

- i) the £6,000 pension purchased from the aggregated membership, or
- ii) the CARE pension accrued between 01/04/2016 to 31/08/2017 as this is Part C membership

Protected NPA = 65

New NPA = SPA: 66

Qualifying service

01/04/1990 to 31/03/2010 = 20 years

Membership

01/05/2015 to 31/08/2017 = 2 years 123 days

Calculation:

Draws benefits under Regulation 30(5) of the LGPS Regulations 2013.

- Membership from 01/05/2015 to 31/03/2016 = Reduction on this membership for period between drawing benefits and CRA
- Membership from 01/04/2016 to 31/08/2017 = Reduction on this membership for period between drawing benefits and new NPA

Reduction on 01/05/2015 to 31/03/2016 pension = period between drawing benefits and CRA = 242 days = $(242/365 \times 6) + (121/365 \times 0) = \mathbf{3.9781\%}$

Reduction on 01/04/2016 to 31/08/2017 pension = period between drawing benefits and new NPA = 4 years = **20%**

Reduction on the revalued £6,000 pension bought when the previous service was aggregated = period between drawing the pension and new NPA = 4 years = **20%**

Note: the employer can waive the actuarial in whole or in part on any grounds.

- Paragraph 3(1) - Schedule 2 = Relevant Date = 01/09/2014
- Membership up to 31/08/2014 is reduced for period between drawing benefits and age 60.
- Therefore 1 year reduction applied to all this members benefits

Calculation:

Reduction on pension = period between drawing benefits and age 60 = 1 year = **5%**

Reduction on pre 01/04/2008 3/80ths lump sum = period between drawing benefits and age 60 = 1 year = **3%**

- Paragraph 9 of Schedule 2 - Membership from 01/04/2014 to 31/08/2016 = Reduction on this membership for period between drawing benefits and protected NPA (with TAPER)

Calculation:

Reduction on pre 01/04/2008 pension = period between drawing benefits and age 60 = 3 years = **15%**

Reduction on 01/04/2008 to 31/08/2016 pension = tapered reduction

$P_{NRA} = 01/09/2016 - 31/08/2024 \text{ (i.e. period between drawing benefits and age 65 as per paragraph 2.12 of the Secretary of State guidance)} = 8 \text{ years} = 34\%$

$P_{taper} = 0.8548 \times 34 + [(1 - 0.8548) \times 15] = \mathbf{31.2412\%}$

Reduction on pre 01/04/2008 3/80ths lump sum = period between drawing benefits and age 60 = 3 years = **8%**

Paragraphs 1(3)(b) and 9 of that Schedule therefore apply.

As the member's CRA is after age 60 the reductions would be the same as in Option 1.

- Paragraph 3(2) - Schedule 2 = Relevant Date = 01/04/2008
- Membership up to 31/03/2008 = Reduction for period between drawing benefits and CRA = 5 years
- Paragraph 9 of Schedule 2 - Membership from 01/4/2008 to 31/03/2014 = Reduction on this membership for period between drawing benefits and protected NPA (with TAPER)
- Paragraph 9 of Schedule 2 - Membership from 01/04/2014 to 30/11/2014 = Reduction on this membership for period between drawing benefits and protected NPA (with TAPER)

Calculation:

Reduction on pre 01/04/2008 pension = period between drawing benefits and CRA 30/11/2019 = 5 years = **24%**

Reduction on 01/04/2008 to 30/11/2014 pension = tapered reduction

$F_1 = \text{Taper period } 01/04/2016 - 30/11/2019 \text{ (i.e. later of CRA and age 60 as per paragraph 2.13 of the Secretary of State guidance)} / 4 = 3 \text{ years } 244 \text{ days} / 4 = 0.9171$

$P_{\text{NRA}} = 01/12/2014 - 31/08/2021 \text{ (i.e. period between drawing benefits and age 65 as per paragraph 2.12 of the Secretary of State guidance)} = 6 \text{ years } 274 = (274/365 \times 31\%) + (91/365 \times 27\%) = 30.0027\%$

$P_{\text{CRA}} = 01/12/2014 - 30/11/2019 \text{ (i.e. period between drawing benefits and later of CRA and age 60 as per paragraphs 2.11 and B.10 of the Secretary of State guidance)} = 5 \text{ years} = 24\%$

$$P_{\text{taper}} = 0.9171 \times 30.0027 + [(1 - 0.9171) \times 24] = \mathbf{29.5051\%}$$

Reduction on pre 01/04/2008 3/80ths lump sum = period between drawing benefits and CRA = 5 years = **14%**

Note: in any individual case the employer can, for a Group 2 member, waive the actuarial reductions on pre 01/04/2020 membership on compassionate grounds and / or waive the actuarial reductions on any post 31/03/2020 membership in whole or in part on any grounds.

01/04/2014 to 31/08/2018 = 4 years 153 days

Calculation

Draws benefits under Regulation 30(5) of the LGPS Regulations 2013.

- Paragraph 3(1) - Schedule 2 = Relevant Date = 01/04/2016
- Membership up to 31/03/2016 = Reduction for period between drawing benefits and CRA = 1 year 153 days
- Membership from 01/04/2016 to 31/08/2018 = Reduction on this membership for period between drawing benefits and new NPA = 3 years 153 days
- £100 underpin split as follows:

01/04/2014 to 31/08/2018 = 4 years 153 days

01/04/2014 to 31/03/2016 = (2 years / 4 years 153 days) x £100 = £45.26

01/04/2016 to 31/08/2018 = (2 years 153 days / 4 years 153 days) x £100 = £54.74

Reduction on pre 01/04/2016 pension (including £45.26 of the underpin) = period between drawing benefits and CRA = 1 year 153 days = $(153/365 \times 11) + (212/365 \times 5) = 7.5151\%$

Reduction on 01/04/2016 to 31/08/2018 pension (including £54.74 of the underpin) = period between drawing benefits and new NPA = 3 years 153 days = $(153/365 \times 20) + (212/365 \times 15) = 17.0959\%$

Reduction on pre 01/04/2008 3/80ths lump sum = period between drawing benefits and CRA = 1 year 153 days = $(153/365 \times 6) + (212/365 \times 3) = 4.2575\%$

Reduction on APCs = period between drawing benefits and new NPA = 3 years 153 days = $(153/365 \times 20) + (212/365 \times 15) = \mathbf{17.0959\%}$

Note: in any individual case the employer can, for a Group 1 member, waive the actuarial reductions on pre 01/04/2016 membership on compassionate grounds and / or waive the actuarial reductions on any post 31/03/2016 membership, and on the additional pension from APCs, in whole or in part on any grounds.

Rejoined 01/05/2015 (and has had a continuous break in membership of public service pension schemes of more than 5 years)

Aggregated earlier membership which purchased an amount of pension of £6,000 in the member's CARE pension account

Date draws benefits: 01/09/2017 (age 62)

Protected NPA = 65

New NPA = SPA: 66

Qualifying service

01/04/1990 to 31/03/2010 = 20 years

Membership

01/05/2015 to 31/08/2017 = 2 years 123 days

Calculation:

Draws benefits under Regulation 30(5) of the LGPS Regulations 2013.

- Membership from 01/05/2015 to 31/03/2016 = Reduction on this membership for period between drawing benefits and CRA
- Membership from 01/04/2016 to 31/08/2017 = Reduction on this membership for period between drawing benefits and new NPA

Reduction on 01/05/2015 to 31/03/2016 pension = period between drawing benefits and CRA = 242 days = $(242/365 \times 5) + (121/365 \times 0) = \mathbf{3.3151\%}$

Reduction on 01/04/2016 to 31/08/2017 pension = period between drawing benefits and new NPA = 4 years = **20%**

Reduction on the revalued £6,000 pension bought when the previous service was aggregated = period between drawing the pension and new NPA = 4 years = **20%**
